teenage superstar

say goodbye to your boyfriend
she's in town for the weekend
she's so hot and you're not
girl she's here for it all
take a stand and armor up now
she's second hand
you'd better kick her ass down
she's black night - you're day light
and now she's weak and around
be aware - she's coming your way
don't be scared - don't let her stay

she's a teenage superstar
always got the v.i.punky cards
she thinks she can turn back time
make you lose your mind - yeah
she's a teenage gone too far
poor little superstar

say hello - what's your problem
take control - you really gotta show them
she's all fake - a mistake
and now she's weak and around
be aware - she's coming your way
don't be scared - don't let her stay

she's a teenage superstar
always got the v.i.punky cards
she thinks she can turn back time
make you lose your mind - yeah
she's a teenage gone too far
always in a brand new freaky car
she thinks she can have it all
break just any wall

teenage superstar
gone too far
superstar

say goodbye to your boyfriend

shock

she's a teenage superstar
always got the v.i.punky cards
she thinks she can turn back time
make you lose your mind - yeah
she's a teenage gone too far
always in a brand new freaky car
she thinks she can have it all
break just any wall
poor little superstar
