Woke up early this morning  
Made my coffee like I always do  
Then it hit me from no where  
Everything I feel about me and you

The way you kiss me crazy  
Baby, you're so amazing

Seven days and seven nights of thunder  
The water's rising and I'm slipping under  
I think I fell in love with the 8th world wonder

I guess that I'm just falling  
Deeper into something I've never known  
But the way that I'm feeling  
Makes me realize that it can't be wrong

Your love's like a summer rain  
Washing my doubts away

Seven days and seven nights of thunder  
The water's rising and I'm slipping under  
I think I fell in love with the 8th world wonder

It's only been a week  
But it's coming over me  
It's making me believe  
That you're the one for me

Seven days and seven nights of thunder  
The water's rising and I'm slipping under  
I think I fell in love with the 8th world wonder

Seven days and seven nights of thunder  
The water's rising and I'm slipping under  
I think I fell in love with the 8th world wonder

Seven days and seven nights of thunder  
The water's rising and I'm slipping under  
I think I fell in love with the 8th world wonder

Seven days and seven nights of thunder

The water's rising and I'm  
I think I fell in love with the 8th world wonder
