Ooh Ooh Ooh  
Never knew I was existing  
Getting by from sun to sun  
Missing out on what my life  
Someday would become  
There were friends and there were lovers  
There were times I really cared  
And every now and then  
Someone I thought  
I always wanted there??  
I laughed and dreamed  
I moved to my heartbeat

I never lived before  
Never felt before  
Never breathed  
Until I breathed the same air as you  
I never gave before  
Always wanted more  
And with one touch I knew I'd never loved  
Before....you

It's like I never saw a sunrise  
Til I woke up by your side  
Like I didn't see the moon until  
I saw it in your eyes

I never kissed  
Until your lips touched mine

I never lived before  
Never felt before  
Never breathed  
Until I breathed the same air as you  
I never gave before  
Always wanted more  
And with one touch I knew I'd never loved  
Before

Before you there was no music  
No rhythm and no rhyme  
Now life is like a symphony

And my heart is alive

I never lived before  
Never felt before  
Never breathed  
Until I breathed the same air as you  
I never gave before  
I always wanted more  
And with one touch I knew I'd never loved  
Before....You

Oh oh oh  
One touch I knew  
I never loved before
