Woke up early this mornin'
Made my coffee like I always do
Then it hit me from nowhere
Everything I feel about me and you
The way you kiss me crazy
Babe you're so amazing

CHORUS

Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder

I guess that I'm just falling
Deeper into something I've never known
But the way that I'm feeling
Makes me realize that it can't be wrong
Your love's like a summer rain
Washing my doubts away

CHORUS

It's only been a week
But it's coming over me
It's making me believe
That you're the one for me

CHORUS
