Yeah

Black leather skirt and a leopard print shirt oho
Skip dinner heading straight for desert oho, oho
It feel so good and it come natural, oho
Baby arch your back
And point your toes

Ballerina smile but your sex like oho
I'm saying rhythm is a talent it can not be a taught oho
oho babe
Well it feels so good then it just come natural
Baby arch your back point your toes
Oh sit down... body
Mhm that every good girl know
Uhu oh all every bad girl know
So baby arch your back
And point your toes yeah

This night bottles of Burb that cake, oho
... is a pleasure you cannot be faked oho oho
But when it feels this good then it just comes natural
Baby arch your back and point your toes

Oh, paparazzi flash baby anything goes
Feeling... though keep your eyes closed
'Cause when it feel this good baby just come natural
Baby arch your
You know what to do
And baby
You know I don't suppose
Oh all little bad girl knows
Say arch go back and point your toes yeah
Mhm mhm
Baby arch your back and point your toes
