It's hard
To believe
We weren't meant to be
And all good things
End eventually
But here I am
Walking away
And you're down on your knees
Beggin' me please baby stay

Well, no can do
'Cause boy you were untrue
The only rule
There is no exception to
Three's a crowd
So where does that leave ya now
That's what ya get for livin' loud
Remember

CHORUS

We coulda been right
We coulda been cool
Coulda been the best thing since high school
We coulda been wild
We coulda been free
U coulda been everything to me
It coulda been real
Coulda been hot
Coulda been the one who hits my spot
But you're not
And all ya got
Is something
That coulda been
But your not
And all ya got
Is something
That coulda been

I used to think
I couldn't live without
Us together

But boy look at me now
I got my hopes
My whole life and all my dreams
So as you wave goodbye to me
Just remember

CHORUS

Someday you'll see me
Walking down the street
Lookin' all confident and complete
Wonder if ya
Made a mistake
Threw it away too soon
I'll wave
And blow ya a kiss
And say it's cool
Runnin' into you like this
How ya doin'? have any kids?
Do you ever look back
And wish that?

You could turn
Turn back time
And make me change my mind
But you didn't so
Let's get on with letting go
Almost doesn't count ya know
So remember

We coulda been right
We coulda been cool
We coulda been the best thing since high school
We coulda been wild
We coulda been free
U coulda been everything to me
It coulda been real
Coulda been hot
Coulda been the one who hits my spot
But you're not
And all ya got
Is something
That coulda been

We coulda been right
We coulda been cool
We coulda been the best thing since high school
We coulda been wild
We coulda been free
U coulda been everything to me
It coulda been real

Coulda been hot
Coulda been the one who hits my spot
But you're not
And all ya got
Is something
But you're not
And all ya got
Is something
But you're not
And all ya got
Is something
That coulda been
