Drive

Meet me at the corner of hope and hopeless

Try

To follow me I know a way out

It's your life

So try not to get stuck

In this crazy circus

Misery loves company

So let's dance until we die

Chorus

Kiss kiss

Kiss tomorrow goodbye

This is gonna be a late night

Get get

Up and let it go

We've got the right to

Take this party over

Changing up the sound

Check your ego it's all a blur

Desperate boys and stupid girls

Same old destinations

We're all falling down

Like broken plastic wind-up toys

Desperate girls and stupid boys

Drink

Drawing just because

Are you even thirsty?

Sink

Into another conversation

You won't remember

Chorus

Your desperation is not unique

Infatuation of the week

Your dedication to your drink

Spills over

Drive

Meet me at the corner of hope and hopeless
Try
To follow me I know a way out

Chorus
