I could pretend to love you
Be someone else for a while
Make you believe you're the one that I want
Give you my heart in disguise

I could be all you've wanted
Make all your dreams come true, yeah
Surrender my love at the feet of your will
And live out your fantasy for you

And you would be happy
And I'd make you smile
And I'd go on living a lie

CHORUS

Do you really want to give your life to
Thinking you found true love when it hasn't found you
Do you really want to give your life to
Thinking you found true love when it hasn't found you

I could make you a promise
Be all you want me to be give you my hand as we walk
down the isle
So you could live happily

And you would be happy
And I'd make you smile
And I'd go on living a lie

CHORUS

Cause this is not what I had planned
I hope one day that you will understand
If I could change this heart I would
And say I love you only if I could

Do you really want to give your life to
Thinking you found true love when it hasn't found you

I could be the one to hold you
I could be the one you need

But I could never be the one
To give you everything
(Repeat 2x)

CHORUS

When it hasn't found yet
