She was so attractive  
Her parents overprotective  
She met another boy with a Lexus  
And they made out on a mattress  
She thought he loved her  
But now he don't even bother  
She had a little baby named Donna  
But Donna ain't got no father  
Seventeen candy curls all he saw was a young dumb  
girl  
Spend a little dough, talk a little game  
Look what that got you babe  
She was young she didn't know  
All they play on the radio  
All they show on the video  
How could she say no

It's okay it's alright  
You ain't gotta explain a thing to me  
I know what it's like when you're lookin' for someone to  
love  
It's okay it's alright  
You can come stay with me tonight  
You can cry on my shoulder  
So baby just come on over

Brenda lived out in Michigan  
She always seemed a little different  
She met another girl at the college  
And then came out of the closet  
All the friends she had before  
They don't come around no more  
She feels so abandoned and won't even leave her  
apartment  
Hates he life hates herself  
Just wants to be like everybody  
Can't go home what would they say  
Packed her things and ran away  
She was young and innocent  
She gave in to prejudice  
No one came to her defense

And I haven't seen her since

It's okay if you wanna stay

It's alright if you wanna go

My arms are opened wide and I just gotta let you know

No matter what they say

I'm gonna stay right by your side

I'll be there for you everything's gonna be alright
