We started out as friends
No doubt we'd be 'till the very end
One thing led to another
Then we fell in love with each other
Oh, how beautiful thins were between us back then

It was so sweet
Used to send roses to my job in the middle of the week
One thing led to another
Now we hardly speak to each other
It's so strange, so strange

(You've changed)
I miss the conversation
Miss the stimulation
Miss communicatin'
(You've changed)
I miss the lovey-dovey
Feel it when you hug me
Know you still love me
So don't change

Used to make love for hours
Turn right around and take long hot showers
But now we just go through the motions
What's love if there ain't no emotion
Just ain't the same, ain't the same

The beautiful thing that we had
Used to be good now it hurts me so bad
Now when I look in your eyes
All I see is emptiness inside
You can't disguise, can't deny

CHORUS

Used to go everywhere
Where there was one there was always the other
Now you're out all night
Act like we ain't even together
Used to call every hour on the hour didn't need no

excuse
If you wanna get it right, kepp it right make it all right,
baby
Please don't change

CHORUS
