What would you say to me
If I were to leave, Baby
Are you gonna be alright?
I'm sittin here tryin to fight
Your smile
Cause sittin next to you is hard
Im tryin to figure it out, please leave

Will you ever come back together
and be my one forever
tell me

chorus:

cause in the morning if you wake up to see
that im not there will you be, happy
cause im always thinkin at night
are you gonna be alright, oh please
do you feel alright?

What would you do to me
If I were to leave, baby
will you posetively be alright
Or it there and start to cry, next to me

Cause sittin next to you is hard
Im tryin to figure it out, please leave

Will you ever come back together
and be my one forever
tell me
cause in the morning if you wake up to see
that im not there will you be, happy

cause im always thinkin at night
are you gonna be alright, oh please
do you feel alright?

What if
the clouds broke down, and
What if
The world ened today, and
What if

I left you tomorrow
would ya be alright?
Be alright

cause in the morning if you wake up to see
that im not there will you be, happy
cause im always thinkin at night
are you gonna be alright, oh please
do you feel alright?

cause in the morning if you wake up to see
that im not there will you be, happy
cause im always thinkin at night
are you gonna be alright, oh please
do you feel alright?

cause in the morning if you wake up to see
that im not there will you be, happy
cause im always thinkin at night
are you gonna be alright, oh please
do you feel alright?
