When I go for a drive I like to pull off to the side
Of the road, turn out the lights, get out and look up at
the sky
And I do this to remind me that I'm really, really tiny
In the grand scheme of things and sometimes this
terrifies me

But it's only really scary cause it makes me feel serene
In a way I never thought I'd be because I've never been
So grounded, and so humbled, and so one with
everything
I am grounded, I am humbled, I am one with everything

Rock and roll is fun but if you ever hear someone
Say you are huge, look at the moon, look at the stars,
look at the sun
Look at the ocean and the desert and the mountains
and the sky
Say I am just a speck of dust inside a giant's eye
I am just a speck of dust inside a giant's eye

When I saw Genevieve I really liked it when she
said
What she said about the giant and the lemmings on the
cliff
She said 'I like giants
Especially girl giants
Cause all girls feel too big sometimes
Regardless of their size'

When I go for a drive I like to pull off to the side
Of the road and run and jump into the ocean in my
clothes
And I'm smaller than a poppyseed inside a great big
bowl
And the ocean is a giant that can swallow me whole

So I swim for all salvation and I swim to save my soul
But my soul is just a whisper trapped inside a tornado
So I flip to my back and I float and I sing

I am grounded, I am humbled, I am one with everything

I am grounded, I am humbled, I am one with everything

So I talked to Genevieve, I've and almost cried
when she said

That the giant on the cliff wished that she was dead
And the lemmings on the cliff wished that they were
dead

So the giant told the lemmings why they ought to live
instead

When she thought up all those reasons that they ought
to live instead

It made her reconsider all the sad thoughts in her head
So thank you Genevieve, cause you take what
is in your head

And you make things that are so beautiful and share
them with your friends

We all become important when we realize our goal
Should be to figure out our role within the context of
the whole

And yeah, rock and roll is fun, but if you ever hear
someone

Say you are huge, look at the moon, look at the stars,
look at the sun

Look at the ocean and the desert and the mountains
and the sky

Say I am just a speck of dust inside a giant's eye

I am just a speck of dust inside a giant's eye

I am just a speck of dust inside a giant's eye

And I don't wanna make her cry

Cause I like giants
