"Coming Out"

Visit "[Coming Out](#)" on MotoLyrics.com

This path is mine and this day is mine
As time stands still I'm walking towards her
She's calling for me, she's calling for me
I hear her voice
And I'm approaching her
I'm going towards the light
I hear a blank sound
I hear them falling into the dark

On my back, there is a scar
I'm not afraid of the dark
I'm coming out

Don't look at me yet
get down, I'm approaching
Through the soil and the fire, I hear: "You're guilty"
And I can't overhear and overlook
I'm coming out
