Feelin' kinda low
Oh, and that's not the worst part
I just got a home, yeah
Gettin' old and still wanna be a star
Yeah, I'm feelin' low
But don't come run to my rescue
Please don't come to preach
Don't need no goddamn happy speech
1 - Is it alright if I cry?
Without no positive speeches
Don't need no lessons on God
He knows I'm human, I got weakness
Don't just say it's alright
My life fell into 10 pieces
Don't tell me it's fine
Just let me have a cry
I know you're tryin' to help me
Can't you just listen to me sometimes?

You can't always find the answers
Everybody's faith ain't always high
Yeah, I'm feelin' low
So please just let me sulk
There ain't nothin' you can say
So don't come sing Amazing Grace
There ain't nothin' you can do
So don't come give your point of view
There ain't nothin' you can say
I'm only human, yeah yeah yeah
Repeat 1
[Ad-libs]
Repeat 1
Repeat 1
Let me have a cry
Just let me have a cry
Let me have a cry
Just let me have a cry
