Let me hear your voice  
Tell me now

If only you gave me a day to stop being myself, then I  
would know  
If you gave me a shotgun and a knife I would melt it all  
with my bare hands  
If I let it all sink and watched it disappear in front of my  
eyes  
Tell me, you or me  
tell me who would I be

Let me hear your voice  
Open up, tell me now

In between I stand  
Warriors are coming out of the dark, watching  
Circling around the water, they breathe  
they glow, glow, glow  
Silence descends  
dancing all the time they get up in their sleep  
in the sunshine their masks they glow, glow, glow

if only you gave me a day, just one day  
if only you gave me a shotgun and a knife I would melt  
it all with my bare hands

If you gave me just one day to stop being myself I  
would know  
If you gave me a shotgun and a knife I would melt it all  
with my bare hands  
If I let it all sink and watched it disappear in front of my  
eyes  
Tell me, you or me  
tell me who would I be

While i'm letting it, it takes away everything  
While I'm sleeping, it takes away everything  
When I'm silent it takes away everything  
Right before my eyes it takes away everything

Is this me surrendering

Could this be the end  
They are hungry, walking towards me  
This is not me  
I stand up I wake up I walk around their dream

In between I stand alone  
Warriors coming out of the dark, watching  
Circling around the water, they breathe  
they glow, glow, glow  
Silence descends, dancing all the time they get up in  
their sleep  
in the sunshine their masks they glow, glow, glow
