Hit me where it hurts

Today's the day, hit me where it hurts  
Hit me right where it hurts  
Nobody ever asks who I am  
Hit me right where it hurts  
I won't say a single word when I see you  
Hit me right where it hurts  
I want to embrace this silence  
Hit me right where it hurts

You don't know me but I'm the one  
Hit me right where it hurts  
I will give you myself, I will give you everything

Hit me right where it hurts  
I'll approach you lightly and slowly  
Hit me right where it hurts  
I'll bring you a flower and put it in your pale hands  
Set me free

You don't know me but I'm the one  
I walk the countries, mountains, years  
I see myself for one day more  
One step more towards the sky that merges  
I'll approach you pale and slowly  
Follow me, lead me, lead me  
I'll bring you the world and put it in your hands  
Set me free
