And winter's coming
God it's been a whole lotta years
Time is moving faster it seems
I can feel it
Life is changed
But I'm still here
Had many lovers
And been in love at least two times
Couldn't seem to get it right
On I keep movin'
But I'm still here in the same old spot
Happiness comes, but passes by
I got everythin I need
But alone I sit empty inside
'Cause I'm still here
Still waiting on you
Right here, another man won't do
Still here, still waiting on you
I know it's useless
I hear you're OK
Cruel to know that you can move about freely
When I'm still caught up in love's cage

I don't want this love, set me free
Life moved ahead and it's fine, but forgot me
Let me go, I got things I wanna do
I'm not whole, but God I need to be
'Cause I'm still here
Still waiting for you
Right here, another man won't do
Still here, still waiting on you
Here bound by this web of nothing
Ooh I wanna go
Spend days in many crowded rooms
But still I'm filled with nothing
'cause I'm still here
Still waiting on you
Right here, another man won't do
Still here, still waiting on you
I still love you babe
I still need you babe
I still love you

I still need you
