Oohyeah
Finally got my shot
What I've been dreaming
Seems could finally come around, right
But can't help feel time run out
Just one push we wiped out
Cause, oh, here we go, yeah
Hell, I can see it been told, and I can see the signs
I think you better stop
The world could end before I be a star
Oh-eh-ya-sa-sa-sa
Is everybody asleep
Life as we know it is on the way to fizz out
Right, running to malls, catch markdowns
Ignoring life force breakdowns
You go and you go, yeah
Rushing and building your dreams on such a shaky
ground
I think you better stop
The world could end, she needs attention
Hey, you, I wanna live

World's slipping away while you're living life
You can't see the bigger picture
Hey, you, I said, I'm tryina get mine
Life's slipping away while you're working hard
Please just stop and take a listen
Hey, you, I wanna live, ooh
World's slipping away while you're living life
You can't see the bigger picture
Hey, you, I said, I'm tryina get mine
Life's slipping away while you're working hard
Please just stop and take a listen
Hey, you, tryina live
World's slipping away, yeah, slipping, yeah, yeah
Please stop and take a listen
Oh-eh-ya-sa-sa-sa
I wanna live
I wanna live, yeah
Do you wanna live
I wanna live
