Just give it to me quick  
Are you coming home?  
Don't dance around it

I need to hear this  
I chose you long ago  
Have you chosen me yet?

I'm starting to wear thin and find it harder to forgive  
Every time you let us slip down your list of priorities

I'm waiting for you to say you're here to stay  
But darling, if you know that it's through  
You can't keep doing what you do  
If it's time to let go of you

Now please don't take this wrong  
You know I want you  
But don't think I won't move on

I can get by on my own  
I'll stand without you  
Look how I have grown

I'm starting to wear thin and find it harder to forgive  
Every time you let us slip down your list of priorities

I'm waiting for you to say you're here to stay  
But darling, if you know that it's through  
You can't keep doing what you do  
If it's time to let go of

You once whispered words to me  
Wondering if anybody loved each other like we do  
I guess that's not enough for you  
Tell me or I'm going to let you go  
If it's time to let go of you
