"Give Me Back"

Visit "[Give Me Back](#)" on MotoLyrics.com

I always take the high road
And I always bite my tongue and say
You're right, oh, you're right
And I never say just what I think
For fear that you can't handle it
But tonight, oh, tonight

BRIDGE:

I can't hold back
I'm breaking out the gates and screaming

CHORUS:

Give me back my voice again
Give me back my self
Give me back my love again
I wanna give it to someone else
I will not calm down, I won't be nice
Now, give me back

All that time I wasted is now
All I'm making up
And it's mine, oh, it's mine
Now I'm not so scared of what I want
There's a freedom in just being me
And I'm flying, oh, I'm flying

BRIDGE

CHORUS

So sick of trying to make it easy
I'm on my own, now there's finally breathing room

CHORUS
