As I lay here on the bed, my heart it speaks
I let it beat its beat, you feel the love it leaks
Oh, and I can't describe just how much of it is for you
and what you do
But if I could love just one, it would be you

PRE-CHORUS:

All this time, I was broken
Trying to find a love unspoken

CHORUS:

And I know ya want the same love
That I've fought so long
The one we thought was wrong
And you know I, oh I, need your love
'Cause we can't fool ourselves
Into someone else's heart

And the days go on and on and they won't stop
I feel the pressure, I guess it will never drop
Oh, 'cause every time I think it gets better, it gets worse
than before
I don't know what I am doing this all for

PRE-CHORUS

CHORUS

BRIDGE:

Let's give up the fight
And embrace it
Before we lose the love we've found
I know you're scared to death
But let's face it
All we have is now

And you know ya want the same love
That we've fought so long
The one we thought was wrong
And you know I, oh I, need your love
'Cause we can't fool ourselves

Into someone else's heart
