"Stars Falling Down"

I think that the stars would have waited for us
Hanging onto the night, watching down below
Until we were hand in hand, together waiting for them
So when I open my eyes, I saw it too
Stars falling down, when I fell for you

I love you, I love you
I love you, I love you, I do

I think that the clouds like the laughter around us

Wanting to feel the warmth, they're softly sinking down
Until they cover the streets just like a dreamland
And right above us, they part so that I see through
Stars falling down, and I fall for you

I love you, I love you
I love you, I love you, I do

I love you, I love you
