[David]

You the only girl that I see  
The only one that I dream about constantly

[Kina]

You the only boy that I need  
The only one that I dream about endlessly

[David]

I want to say I think you're perfect

[Kina]

You know I think you're perfect

[Kina]

For all the wait I know you're worth it

[David]

The wait I know you're worth it

We'll always make it through  
As long as you've got me and I've got you

We will take the world in our stride  
Anything can be possible by your side

[David]

I want to say I think you're perfect

[Kina]

You know I think you're perfect

[Kina]

For all the wait I know you're worth it

[David]

The wait I know you're worth it

I love the way you are  
I love the way you are  
I love the way, I love the way  
I love the way you are

[David]

You the only girl that I see

The only one that I dream about constantly

[Kina]

You the only boy that I need

The only one that I dream about endlessly
