"Walking Away"

Don't want you to beg
Don't want you to cry
Don't want you feeling like
You won't survive
Don't wanna cause you pain
But I don't know an easy way to walk away
And I'm walking away

Somehow one day we lost our way
And no one no where thought we'd end this way
You're not the only one in pain
Wish there was an easy way to walk away
'Cause I'm walking away

Maybe time will heal all the pain we've made
And maybe someday all of this will just fade away
Wish you could see how desperately I want to find
another way
But I can't stay
I'm walking away
