I was down by the water  
And I was so scared  
So frightened by the crashing waves

And you were right there beside me  
And you were so prepared, so unafraid  
You we laughing in the rain

CHORUS:

Why can't we be each other's wings?  
Carrying each other away from unfortunate things  
We were there when it mattered  
And that is all we need to carry us away  
So why can't we fly?  
Why can't we fly away from uncertainties?  
Why can't we fly?  
Why can't I?

You always knew what you needed  
And I was so unsure  
It shook the ground I walked upon  
So understandingly, you stepped away  
To give me a little time to look around, catch my breath  
I don't want to walk alone  
I want to walk together with you now

CHORUS

BRIDGE:

Why can't I?  
I've been roaming for so long  
It's been a while since these clouds have been lifted  
Why can't I leave it all behind?  
Just rise above it all  
And fly

I was down by the water  
And I was so scared
