Hey mr. heart, don't you know, without the right food to
grow you won't break the soil come summer.from punk
house to punk house, it's always been somebody else's
scene.i guess in the spotlight.undress in the day
time.all my friends are brilliant.it's really them you're
listening to.cover torso, cover toes.bury the mirror in
dirty clothes and at last it sings.something new to
believe.sexual politics, no justice.just rain, just
words.just us.shouldn't have to place demands.help
me ask and not command.oh there we go again, so
unsure about it.who we are and where we've been.this
is the bad side of tenacity.
