(chorse)
hey you over there
and all you people everywhere
I know myself
i'm gonna make you scream and shout
hey you over there
and all you people everywhere
i know myself
kinda's gonna freak you out

(kinda)
(kinda)
(kinda)
(kinda)

magic eyes are everywhere
happiness is in the air
i know what you want
i swear i'm gonna give it on
rock away from the break of dawn
move your body on and on
i'm gonna make you feel alright
close your eyes and hold on tight

I'm feeling high
im feeling good
oh yeah
my blood pressure is pressuring high

hey you over there
and all you people everywhere
I know myself
i'm gonna make you scream and shout
hey you over there
and all you people everywhere
i know myself
kinda's gonna freak you out

On the stage i feel complete
everybody feel the heat
i'm standing on holy ground

come on everybody
can you dig my sound
rock away from the break of dawn
move your body on and on
i'm gonna make you feel alright
close your eyes and hold on tight

I'm feeling high
im feeling good
oh yeah
my blood pressure is pressuring high

hey you over there
and all you people everywhere
I know myself
i'm gonna make you scream and shout
hey you over there
and all you people everywhere
i know myself
kinda's gonna freak you out

(kinda, kinda, kinda, kinda)

speak:
kinda, as
the king of the denying world
i want you to come to me
take my hand
and love me for all eternity
and i shall make you my beloved queen
and take you to the doom of your destiny

and want me kinda to come with you
