I bought a new red dress to lift my spirits up
And just like you did honey it cost me way to much
Next time you see me I betcha take a second look
You'll wonder why I look so good.

Chorus:

You'll never know how much I miss you
You won't see it in my face
You'll never know I'll never find another
That can take your place.

'Cause I'll be smiling when I see you
My tears won't ever show
Yeah I might always love you
But you'll never know.

When I saw you out last night you seemed so surprised
That I could walk right by and not blink an eye
To look at me you probably think I'm doin' fine
Good thing you can't read my mind.

Chorus:

You'll never know how much I miss you
You won't see it in my face
You'll never know I'll never find another
That can take your place.

'Cause I'll be smiling when I see you
My tears won't ever show
Yeah I might always love you
But you'll never know.

You'll never know...
