Long ago a little child  
Dreamed about a gallant knight  
It's funny how a dream comes true  
That gallant knight was you.

I never dared to show my feelings  
Are you aware my heart, it's bleeding.

What are we waiting for  
What are we doing here  
There's no one there beside you  
There's no one knocking at my door  
What are we waiting for  
Too much time has passed us by  
What are we waiting for  
No one else could love you more than me.

I've watched you for so many years  
I've heard you laugh, I've felt your tears  
I've seen your lovers come and go  
But none of them were true.

Oh, can't you see how much I need you

Won't you believe you need me too, so.

What are we waiting for  
What are we doing here  
There's no one there beside you  
There's no one knocking at my door  
What are we waiting for  
Too much time has passed us by  
What are we waiting for  
No one else could love you more than me.

Your's was the star that I followed  
Without you, there's no tomorrow.

What are we waiting for  
What are we doing here  
There's no one there beside you  
There's no one knocking at my door  
What are we waiting for  
Too much time has passed us by  
What are we waiting for  
No one else could love you more than me.
