I am nothing but a prostitute  
My life is for for for forever  
My motivation is my empathy  
Just used

Degrade myself again  
Say nothing, do nothing  
I hate myself again  
Don't ever trust the ones you love

I tried hard to lose the animal  
My life is sub sub sub subserviant  
Feminine I guess that makes me not a man I am a  
human

Degrade myself again  
Say nothing, do nothing  
I hate myself again  
Don't ever trust the ones you love

Degrade myself again  
Degrade myself again  
Degrade myself again
