We are the lies that we made
So cheap but their all that I can see
Believe in nothing
Just me and my white noise babies
Believe in nothing
Getting down with my white noise babies
I wanna to die with guitar
And play bleeding out through my scars
Believe in nothing
Just me and my white noise babies
Believe in nothing
Gonna die with my white noise babies
Ah ah ah ah ah
Believe in nothing
Thats me and my white noise babies
Believe in nothing
Gonna die with my white noise babies
