They call me big shots, they say dat I'm da man...  
If u get Charter u can see I'm on demand  
But I don't even trip when da fame is around me  
They say dat I'm da best and it's like they bought to  
crown  
Me... Ha I don't know why but I'm like mj when I head fo  
da skys...  
Ma jumper so smooth lik Kobe n LeBron my crossover  
SICK like nash on da  
Suns. Dunkin like MJ shooting lik Bird when I break glass  
da blood burst  
Out his shirt hahaaa I kno da game so good dat I play n  
ref da game in 8 hoods I can't stop the flow cuz my  
dribble mit elose control  
So I stop and pp the 3 like a pro

Yea my swag so official so u can't jock it I'm  
Burning like da sun and hotter than hot pockets  
Fresh everyday n I kno u can't strike got 99  
J's n 102 nikes I'm better than the buffet at  
Golden corral but when I'm spitting my raps it hits all  
Over town. Not on da radio not in ya car but I'm rappin  
Like I'm da best there was from da start yea I kno  
I'm da greatest kid yet I can rap n ball lik dat  
Dude from marquette. Basketball is a game for  
Atheltics and greats... Like Kobe Bryant when he  
Be killin lik earthquakes. I pray everynight to  
Be safe and protected. So when they try fight back  
Niggaz kno dey detected. AK-47 by my side so u no  
dey  
Can't touch me I shoot em up but u mite see me on tv  
ya dvd  
Or vcr maybe on radio speakers in ya car still not  
trynna send  
Out the wrong message but the truff is da truff and u  
no wat it is

It's a balla life for a ballin felon hey not me... talking  
bout lil  
Kevin ha don't know what gilbert talking bout had 4  
pistols in his  
Locker and now for da season...  
I ball and rap lik I'm gifted ima supprise yall like when  
oj got acquitted  
When I ball it's so unfair I shoot and pop da 3 n u  
unaware  
I put more damage on the rim then shaq on da magic  
when I rap  
It's just so tragic I would keep rappin and make u look  
worse  
But it's a pain to just sit there n call the nurse

(King Arut)

Almost done so let me say ima finish dis rap n freestyle  
all day...

Yo lil nigga so u think u bad  
U need to get a pink n white writin pad  
Take notes cause I'm about to destroy you  
And this shit here is way overdue  
Homie this shit here is my life  
Ima open this up like a switch blade knife  
I hope u will learn somthing today  
I leave people in a disarray  
This shit right here is unfair  
I'm so gifted and and my talent is very rare  
U never seen this shit so clean  
To measure the damage on u we will need a machine  
Cause it's just sad all this shit I'm doin to you  
Battelin me is somethin like taboo  
Cause I will massacre you just like jason or freddy  
I'm comin at ya and I don't care if ur ready
