Hey Mr. DJ this sounds fantastic  
This champion sound is gonna kick your bucket  
This is not boombastic cuz it's not plastic  
You can ask the ghetto youth  
They already know the lyrics  
Mira como empieza la fiesta con mi champion sound  
Como una metralleta-ta disparo mi sabor  
Mis letras son la balas que agujeran al cabrn  
Si quieren pelear en ganga aqui tengo mi escuadrn  
This is the champion sound for the community  
The room is filled up with smoke coming from my Sensi  
Maximum respect to the New York Posse  
Mad Lion, Rocker T
