I was so lost in my own troubles
I felt that everything I did was wrong
I searched for help instead I found oppression
They tried to break me but it didn't work

So I don't care what people say
Sometimes I stay, sometimes I run away
Nobody has to like the things I do
And if you try to hurt me then
(Fuck you too)

I feel so low then I feel so high
But when I play you make me feel alright
For those who are dying of jealousy
Don't even try to
(Mess with me)

I search and try to figure out this new person
This person that I've become
Music changed my life but now you changed my soul

So, I don't care what people say
I've found you and now it's all okay
I was lost and then you showed me the way
I could run away but I'm going to stay

I learned my lessons from my past
Don't worry baby it's gonna be alright
For those who kiss me with Hippocracy
Don't even try to mess with me

To make me so happy
Let me show you my love
To make me so happy
Let me show you my love

So, I don't care what people say
I've found you and now it's all okay
I will never let you go
C'mon baby don't you know
You're all I need, all I need, all I need, all

Llego King ChangÃfÃ³ Mami, Oiste
Oh, baby you're the one
You're all I need
Oh, baby you're the one
You're all I need

Baby you're the one
You're all I need
Oh, baby you're the one
You're all I need

Baby you're the one
You're all I need
Oh, baby you're the one
You're all I need

Baby you're the one
You're all I need
Oh, baby you're the one
You're all I need

So I don't care what people say
I've found you and now it's all I care
I was [incomprehensible] showed me the way
I could run away, but I'm gonna to stay

I learned my lessons from my mistakes
Don't worry baby it's gonna be okay
For those who kiss me with Hippocracy
Don't even try to mess with me

So I don't care what people say
I don't care what people say
I don't even tell what people say

And baby I don't care, oh no
Baby I don't care, oh no
Baby I don't care, ah
Baby I don't care

I don't
I don't
I don't, don't, don't say
