Nuclear Attack
Political Destruction...
I don't give a damn what politicians say
A bunch of lies to mislead the way
I don't give a damn what politicians say
We gonna kick it one time
I don't give a damn what politicians say
They talk the talk and they walk away
I don't give a damn what politicians offer!
Warning Warning
The DJ is about to come
With a new mentality
We gonna mash up the town
Turn up the beat
Operation in the street
Revolutionary flags in every country
Dem a do what dem want
It's our destiny
Me a go fight with the nation to kill politricks
So come follow we
One love, one unity
Me a go back dem down with de Ital. posse!
There is a war in every nation
Polticians strike the poor land
In the streets there's sufferation
Them a find no work
Them find oppression
Me a go tell them one by one
Jah, Jah love is the strongest weapon
Thunder and lightning will crush Babylon!
I don't give a damn what politicians say
A bunch of lies to mislead the way
I don't give a damn what politicians say
We gonna kick it two times
I don't give a damn what politicians say
They talk the talk and they walk away
I don't give a damn what politicians offer
Children of the nation avoid the separation
They keep us segregated
My father never made it
Mama suffers full of hunger
With no clothes to keep us covered

Talk the talk then walk away
This is how the evil play
Promises made never kept
Politician on the set
Building more imprisonment
For the ghetto citizen
I won't be home 'til who knows when
Tell my peeps in the tenements
