You're all fucking dead to me  
Filthy sad examples of life  
I am here to take this world  
I am here to take everything  
Every second that passes through the day  
You all remain to act the same  
I am here to take this world  
I will destroy everything  
From town to town  
I'll sweep this nation and burn it to the ground  
Burn, burn, burn  
I'll fucking burn it down  
Burn, burn, burn  
There's no escaping now  
The sun will turn to darkness as I embrace across the  
sky  
Agony became your only friend  
That will follow you until the end  
Burn, burn, burn  
I'll fucking burn it down  
Burn, burn, burn

I am here to take this world  
Your time is up  
Your fucking time is up  
I'll choke humanity to death  
Everybodys fucked  
I'm unstoppable  
Who's here to save you now

Filthy sad examples of life  
I am here to take this world  
I am here to take everything  
Every second that passes through the day  
You all remain to act the same  
I'll Extinguish you, Because your already dead to me.  
Once your hopes and dreams are buried underground  
I'll fucking burn it down  
No one can stop me now  
Fire, Fire, Fire  
I'll burn it down  
No one can stop me

No one can stop me
