You're growing old  
You're growing tense  
I was past 35  
Before my face made much sense  
It means nothing  
No  
Nothing  
It means nothing  
No  
Nothing

It's too late now  
I've answered "in love"  
To ask me not to tell you what the most important thing  
I found myself in this month was  
She means nothing  
She means nothing  
No  
Nothing  
No  
She means nothing

You're growing old  
You're growing tense  
I was past 35 years of age before my face made that  
much sense

And it's too late now  
I've answered "in love"  
To ask me not to tell you what the most important thing  
I found myself in this month was  
Well she means nothing  
Nothing  
She means nothing  
Nothing

No  
Nothing  
She means nothing

You're growing old  
You're growing tense

I was past 35 before my face made much sense  
It means nothing  
It means nothing
