I stumbled out of grandma's room,  
Down the stairs and out of the house  
Once outside i felt my mind begin to  
Fight a battle for control

With the tea pot broken i kind of  
Realized  
That "their" power was less here,  
Here on the outside

I fell to my knees in haziness  
And i looked in through the window  
To the cellar

Things were moving down there,  
"they" were searching for something  
And "they" really found it,  
The big axe was flying

Flying out through the cellar door  
Up the stairs to the kitchen...  
Then i passed out

The next thing i remember seeing was  
The smoke coming from the chimney  
I soon realized the smoke i saw was  
Actually... oh no!  
All there was left of missy and her  
Dress, poor little girl

The spell was broken, i really felt the  
Change  
As my mind and body became one  
Again

The moon was alive with its silvery  
Eye  
Staring right into my evil heart

I went back to see if my grandma'  
Was still there

Waiting for me in the attic... oh i hate  
That bitch
