Oh daddy...i'm so alone, oh daddy...come home  
Oh daddy...i've missed you so  
Oh daddy...tell me what to do  
Daddy don't look at me like that  
I didn't do it...he did...it was him  
I could never...i could never  
I wasn't even there

Daddy tell me what to do...daddy...no don't no

Oh daddy, you're fading away  
Oh daddy, daddy please stay  
Oh...you're fading away  
Oh daddy, daddy please stay

You're going down, you're going down, mckenzie

Sit down you creep, you degenerate son of a sheep

What am i to do you...with you?

You're going down, you're going down, mckenzie

Sit down you creep, you degenerate son of a sheep

What am i to do you...with you?

Sit down you creep, you degenerate sheep

You're going down, you're going down, mckenzie
