#### Part 1:

Blues has got me, there is teardrops in my eyes  
Yes the blues has got me, there is teardrops in my eyes  
Well dark is the night, since my baby said good-bye

Oh how i've suffered since my baby went away  
Yes how i've suffered since my baby went away  
And i've got that feeling that my baby's gone to stay

Take me back baby, forgive me for the wrong i've done  
Yes take me back darling, forgive me for the wrong i've done  
Well i know i love you, and you're the only one

Yes talk to me baby, call me on the telephone  
Yeah talk to me baby, call me on the telephone  
Yes the blues has got me, and i want my baby home

Yes if your baby love you, keep her home and treat her nice  
Oh if your baby love you, you better keep her home and treat her nice  
Well never mistreat a good woman, this is some doggone good advice

#### Part 2:

Yes it's been so long since i've seen my baby's face  
Well it's been so long since i've seen my baby's face  
I'm tellin' you people, no one else can ever take her place

Yes the doorbell is ringing, i know there must be somethin' wrong  
Yes the doorbell is ringing, i know it must be somethin' wrong  
Well looka here it's my baby, she's done changed her mind and come home

So hurry baby, come on in and close the door  
Yes hurry baby, come on in and close the door

Let me put my arms around you baby, so my nights  
won't be dark no more
