I was so lost in all my troubles
I felt that everything I did was wrong
I searched for help instead I found oppression
They tried to break me but it didn't work

So I don't care what people say
Sometimes I stay sometimes I run away
Nobody has to like the things I do
And if you try to hurt me then f*ck you too!
I feel so low then I feel so high
But when I play you make me feel alright
For those who are dying of jealousy
Don't even try to mess with me!

I search & try to figure out this new person
This person that I've become
Music changed my life but now you changed my soul

So, I don't care what people say
I've found you and now it's all okay
I was lost and then you showed me the way
I could run away, but I'm going to stay
I learned my lessons from my past
Don't worry baby it's gonna be alright
For those who kiss me with hypocrisy
Don't even try to mess with me!

You make me so happy let me show you my love!
You make me so happy let me show you my love!

So, I don't care what people say
I've found you and now it's all okay
I will never let you go
C'mon baby don't you know
You're all I need
All I need

Llego King Changã³ Mami! Oiste!
Oh baby you're the one
You're all I need
