You let me down  
All over town  
I guess by now i should be gone  
Yet here i stand  
Still in your hands  
Cause you're the best i've ever known

I try and try to say good-bye  
I just can't leave your love alone  
And after you what will i do  
I just can't leave your love alone

I walk away most everyday  
Don't need a love that hurts me so  
Then every night you get it right  
Until i'm moaning soft and low

I try and try to say good-bye  
I just can't leave your love alone  
And after you what will i do  
I just can't leave your love alone
