"If You Love Me"

Visit "[If You Love Me](#)" on MotoLyrics.com

If you love me
You will give your heart
Why should be apart
If you love me

If you love me
You will know the truth
I wasn't born to lose
And i love you

Affinity and communication
That makes reality
Understanding is the first thing
It means so much to me

If i love you
I will find the key
If it's meant to be
'cause i love you

Affinity and communication
That makes reality
Understanding is the first thing
It means so much to me

If i love you
I will find the key
If it's meant to be
'cause i love you
