I'm glad to see you back, baby
You been gone such a long, long time
And now that you're back, baby
Let's make up for long lost time
Well, the day that you left me, baby
I nearly went out of my mind
I couldn't hardly sleep at night, baby
Every morning i woke up crying

So let's get down to business
Yeah, let's get down to business
Well, let's get down to business, baby
You been gone such a long time

Now i know that i love you, baby
And i thought that you loved me, too
Now, now that we're together, baby
Tell me what are you going to do
Well, what made us break up, baby
I don't know till today
But if it was my fault, baby
I swear i'll change my ways

So let's get down to business
Yeah, let's get down to business
Well, let's get down to business, baby
You been gone such a long time

Hey, let's, let's
Let's get down to business, baby
Well, well, well
Let's get down to business
Yeah, let's get down to business, baby
You been gone such a long time

I know that i love you, baby
I say i thought that you loved me, too
Now, now we're together, baby
What are you going to do
I said whatever made us break up, baby
I don't know till today

But if it was my fault, baby
I swear i'll change my ways

So let's get down to business
Yeah, let's get down to business
Well, let's get down to business, baby
You been gone such a long time
