People fly, people flee  
People clam and say, "It wasn't me"  
People fish, people beef  
People arm to the teeth

Yes, you've got people on the tube  
Walking on the moon  
People at the bottom of the sea  
People in tombs, people in igloos  
Even a tribe of pygmies

People are the main spring  
Turning the world around  
People, they're the main spring  
Spinning this world upside down

People sun, people toast  
People tire Chile other people smoke  
People bowl, people rock  
People pay to see two people box

Watch me, face me  
Dress me, baby me  
Phone me, wire me  
House me, bug me, fire me

People are the main spring  
Spinning the world around  
People, they're the main spring  
Turning this world inside out

Watch me  
Wire me  
Baby me

People are the main spring  
Turning the world around  
People, they're the main spring  
Spinning this world upside down

People are the main spring  
Turning the world around

People, they're the main spring  
Spinning this world around

Spinning this world around
