In the dream I fall into the sleepless sea
With a swell of panic and pain
My veins are aching for the distant reef
In the crush of emotional waves

Alright, get a hold of yourself
And don't fight it, it's over your head
It's alright, the rumble in your ears
It's alright to feel a little fear
And don't fight it, it's over your head
It's alright, you wake up in your bed

Silhouettes like shivering ancient feeling
They cover my foreign floors and walls
Submarines are lurking in my foggy ceiling
They keep me sleepless at night

Alright, get a hold of yourself
And don't fight it, it's over your head
It's alright, the rumble in your ears
It's alright to feel a little fear
And don't fight it, it's over your head
It's alright, you wake up in your bed

Hey, can you picture the sight
The figures on the beach in a searing night
And the roaring hurt of my silent fight, hey
Can you pull me out of this sleepless night?

Of this sleepless night, can you pull me out?
[Incomprehensible]
