King Diamond
"Digging Graves"

Lucy, you stay here
The tomb is warm
Why don't you play with the dolls
The doll's on the wall

I am not the guy I used to be
Not since he put me away
I left half my brain behind
Back in that crazy place

Does that mean
That I am insane
Does that really mean
That I am to blame
No, no, no

Is it true what they say
Little girls don't cry
Is it true what they say
Lucy, look at me

I am not the guy I used to be
Not since he put me away
I left half my brain behind
Back in that crazy place

Does that mean
That I am insane
Does that really mean
That I am to blame
No, no, no

Into the night, I go
And you can't follow me
Into the night, I go
And you can't follow me

I will be your misery
I'm gonna be your hell
I will be your misery
And I wish you well in hell

I'm digging graves
Seven deadly tombs
I'm digging graves
Below that crazy moon

I will be your misery
I'm gonna be your hell
I will be your misery
And I wish you well in hell

McKenzie
How could you think I'd forget?

All graves done, I'm so clever
Seven headstones in all
Saying,"Lucy Forever"

I am not the guy I used to be
Not since he put me away
I left half my brain behind
Back in that crazy place

Does that mean
That I am insane
Does that really mean
That I am to blame
No, no, no

Into the night, I go
And you can't follow me
Into the night, I go
And you can't follow me

I will be your misery
I'm gonna be your hell
I will be your misery
And I wish you well in hell

I'm digging graves
Seven deadly tombs
I'm digging graves
Below that crazy moon

Into the night, I go
And you can't follow me
Into the night, I go
And you can't follow me

Into the night, I go
And you can't follow me
Into the night, I go

And you can't follow me

Into the night, I go
And you can't follow me
