I'm back again
Back in the evil night
And you're waiting
Doomed by the living dead

Flames are rising
Can't you see you're dying?

The wolves are howlin'
A baby's cry in the distance
Cold winds blowing
In the dead of night

Flames are rising
Can't you see you're dying?

No way to survive this evil night
If the dead won't leave you alone
So just say goodbye to all
Your holy angels, you're gonna die

Long black hair, face like a dead
I am here, Satan in my head
You can't see nothing but confusing mirrors
Now you feel it, it's getting nearer

Flames are rising
Can't you see you're dying?

So dark in your mind
Breath of Satan in my back
I can't help you
'Cause I'm one of the dead

Flames are rising
Can't you see you're dying?

No way to survive this evil night
If the dead won't leave you alone
So just say goodbye
To all your fuckin' angels
