Bridge:

Make way seletah rum dem mad feel  
While me rugged dance hall echoes  
(Fa'apa boom, boom, Fa'apa boom, boom)  
Midnight reflect sunrays da di di da da oooohhh

Chorus:

Screams from da old plantation (non-stop)  
(Fai fai pea, fai fai pea)

Verse 1:

You are immersed in a vision cultivated by this Samoan  
Strong is my brethren Samoa mo Samoa  
Island brothers extend a vibe to the X...but the only X  
Samoans know is XXL  
OS equals over-sized, overstayers, over stretched last  
names  
Pack it up can you pronounce it  
Delete the error that began with ages  
Visual effects guaranteed by the flick of no brown man  
but not...  
Brown copper Polynesians has been exploited (sina oe)  
Come into my life I got coconuts to show you

Chorus:

Verse 2:

It's just my savage instincts coming back from the  
brink

Revitalise the knowledge that we lost (you better think)  
Culture ebbing's being lost in the ignorance from the  
ma to the pa to the child  
Wonder why your child is running round real wild  
Pass on the knowledge so the tongue leaves it's  
cradle  
Or take them back home to the motherland and teach  
The ways of our elders lifestyles and the speech

Chorus:

Verse 3:

Enter the mind of a Hamo, IÂ'm just a psycho  
Ready to blow up the mic from into to outro  
Ballheads try to understand itÂ's doubtful  
You try to make me out your efforts are pitiful (pitiful)  
IÂ'm from Savaii, village is Fagamalo  
When it comes to battling IÂ'm just an animal  
(Tiger) fix amnesia  
Second migration, we all paying homeage to the old  
plantation  
We just paying homeage to the old plantation

Bridge

Chorus
