Visit "[Lies](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Lies, lies  
Tell, tell lies

Lies you're thinking  
That my love is only lies  
Hey, you take me  
To the top all night and day

You are a wonder, date for me  
You are a wonder  
You're my golden boy  
You are the loving kind

I wanna toy  
Right, you are the only one  
You make me right

\*You are a wonder, stay for me  
My body's moving  
So much pleasure

\*\*Lies, and tomorrow  
We're saying goodbyes  
Tell lies, you are my fun  
Full of love all the time

Day, I see your feelings  
Growing every day  
Night, I want to take you higher  
For a night

\*Repeat

\*\*Repeat
